

Frontoparietal Control Network

A word cloud on a black background with white text. The words vary in size and are arranged in a non-uniform, overlapping manner. The largest words are 'updating', 'visual working memory', and 'visual shape perception'. Other prominent words include 'working memory maintenance', 'right hand response execution', 'expectation violation', 'visual word recognition', 'visual object recognition', 'phonological working memory', 'word generation', 'emotion recognition', 'mental arithmetic', 'interference resolution', 'semantic retrieval', 'task switching', 'spatial selective attention', 'response alternatives', 'visual imagery', and 'sentence processing'.

working memory maintenance
right hand response execution
visual imagery
sentence processing
expectation violation
updating
semantic retrieval
task switching
visual word recognition
spatial selective attention
response alternatives
visual working memory
interference resolution
mental arithmetic
visual object recognition
visual shape perception
phonological working memory
emotion recognition
word generation
